Jim Scott P.O. Box 601, Roosevelt UT 84066 (801) 545-2539 ;called today. He has been trying to get permission from the land owners to do some mining on the Horseshoe bend area currently under permit by Golden Eagle Mininig out of Kamloops Canada, Andy Babiy. Jim called Mary Ashton who DOGM believed was the land owner. Mary told Jim that Golden Eagle had two more years under their current lease with her. The Ashtons are actually leasing about 100 acres in the area from two ladies, i.e. Ashtons do not own the land. Mary Ashton's number in Texas is (903)758-6382. Jim will try to call Andy Babiy at (604) 376-2792 to get permission from them. Mary said the guy she had been dealing with on the lease had a heart attack or something.
